# Why Konstrukt Panels?

Modern living is about creating spaces that work for you and your family, that adapt to needs of the moment. Konstrukt panels allow you to define or reclaim spaces that until now have been wasted or unused. Truly transformative, Konstrukt panels will help you renovate and breathe life into your old conservatory.

Always make sure you are using Konstrukt panels, these are construction grade panels, that carry a 10 year guarantee.

---

## Warmer in the Winter

Our Konstrukt replacement glazing system allows us to remove your existing glass or polycarbonate glazing and replace it with heat saving Konstrukt panels. Our German construction grade panels, give a lower U value, meaning your conservatory is warmer and can now be used throughout the entire year.

---

## Cooler in the Summer

Konstrukt panels make a noticeable difference in bright sunlight. If you can't see the tv due to the glare Konstrukt panels really can change that conservatory into a glare free room again. Our panels cut out 100% light transmission, with our foam skin bonded surfaces blocking unwanted rays. With Konstrukt panels our bonded foam core smooths the highs and lows of heat difference.

---

## Quieter in bad weather

You will notice a measurable sound reduction with our standard Konstrukt panels the foam core dampens sound naturally. Superior noise reduction can be achieved with Konstrukt Acoustic. Konstrukt acoustic has an additional 3mm of sound absorbing composite that reduces the sound of rain by a multiple. Konstrukt acoustic gives you an innovative full width acoustic core with a thermal composite delivering thermal efficiency and noise reduction.

---

## Energy Saving Construction grade panels

Konstrukt panels are the premium construction roof panels. With bonded skins and high density foam cores Konstrukt are more thermally efficient than glass or polycarbonate at the same thickness, keeping fuel bills lower and heat inside your home.

---

## Style Options

Designed for all style variations. Give us a call and we'll provide you with a bespoke quote for your new roof transformation.

# Glazing Comparison Chart

Choosing Konstrukt panels can breathe new life into your old conservatory. Our bright fresh construction grade boarding can rejuvenate any old conservatory and make it feel more substantial, adding a more use-able room to your home. Our survey and fit service will indicate any potential problems and we can advise on solutions or services that we have available if required.

ROOF TYPE	LIGHT WEIGHT?	1 DAY INSTALL?	MAINTAINS ROOF STRUCTURE?	WARM IN WINTER?	COOL IN SUMMER?	ENERGY EFFICIENT?
<b>KONSTRUKT</b>	✓	✓	✓	✓	✓	✓
<b>STD. GLASS</b>	✗	✗	✗	✗	✗	✗
<b>POLYCARBONATE</b>	✓	✓	✓	✗	✗	✗
<b>SOLID ROOF</b>	✗	✗	✗	✓	✓	✓

From the above information you can see that Konstrukt panels have the best all round technical solution for your conservatory re-glaze.

Konstrukt panels give you the best quality and value for your money when choosing your refurbishment option.

## Insulation Values

24mm	1.15W/m <sup>2</sup> K
25mm	1.11W/m <sup>2</sup> K
28mm	0.99W/m <sup>2</sup> K
32mm	0.87W/m <sup>2</sup> K
35mm	0.80W/m <sup>2</sup> K

## Survey service

Our fitting service provides you with an extensive survey to take all the measurements we need for our trained installers to complete the perfect re-glaze of your entire conservatory with minimum wastage, thus saving you money!

---

## Nation-wide availability

We work with multiple independent and trusted teams of fitters. As a result of this we can offer our professional conservatory re-glazing options throughout the country. What's more, all of our teams warranty their work for 2 years!

## Roof Styles We Re-Glaze

Whatever your roof style, we can re-glaze! We will re-glaze Lean-Tos, Edwardians, Gables, Victorians and even Hipped Roofs. All we need are a few easy-to-measure dimensions so that we know exactly how to process our German engineered Konstrukt panels to fit snugly into your conservatory roof. Your design adviser will ask for photos in the first instance so that we can see exactly what style it is.

Our professionally trained installation teams enable a swift transformation of your old roof panels, revitalising your conservatory with precision cut, insulated Konstrukt roof panels. The majority of conservatories can be transformed in just one day! How amazing is that? Call us for your quote today.
